**EANM TG&C ACTIVITY MATRIX  
FOR THE PERIOD 11/2009 – 10/2010  
ACTIVITIES DURING THE PERIOD FROM EANM'09 BARCELONA TO  
EANM'10 VIENNA**

**Guidelines:**

Bone scan existing guideline update, final draft ready  
Direct radionuclide cystographies existing guideline update, final draft ready fall 2010  
Dynamic renal scintigraphy existing guideline update, final draft ready fall 2010  
MIBG scan existing guideline update, final draft ready fall 2010  
GI radionuclide studies part 1, final draft ready fall 2010

**Educational Activities (courses at the EANM Educational Facility, E-learning, booklets ...):**

Pediatric Course 7-8- November 2009

**CME / Symposia / Debates to be delivered during EANM'10 in Vienna:**

CME "renal scans and the raising of MRI"  
Proposal of a symposium about MIBG reporting together with the SIOPEN group

**Liaison with related societies (name of society, abbreviation, website):**

SIOPEN  
ISCORN

**Contributions to congresses of related societies / Research activities with related societies:**

2010 European Academy of Paediatrics meeting: 2 speakers in a gastroenteric pediatric problems session  
2010 ISCORN meeting: 3 speakers in a Paediatric session

**Website activities (questionnaire, e-letters, distance learning etc..)**

Survey about use of radionuclide scans in paediatrics (see form attached)
