Cardiovascular Track 2

ESMIT

Facilitators:	Hein Verberne
	Denis Agostini
	Riemer Slart
	Paola Erba

Saturday, 01 April 2017

Session I - Stress protocols / Myocardial perfusion scintigraphy	
13:30 - 13:50	Anatomy/physiology refresher
13:50 - 14:10	Detection of CAD - SPECT/CT
14:10 - 14:40	Interactive case examples
14:40 - 15:00	Detection of CAD - PET/CT
15:00 - 15:30	Interactive case examples
15:30 - 15:50	Quizzing
15:50 - 16:10	Coffee Break

Session II - Coronary CTA / Cardiac MRI	
16:10 - 16:30	Cardiac CT
16:30 - 16:55	Interactive case examples
16:55 - 17:15	Cardiac MRI
17:15 - 17:40	Interactive case examples
17:40 - 18:30	Hands-on sessions
18:30 - 19:00	Day-2 self assessment
19:00	End of Day 2

Sunday, 02 April 2017

Session III - Multi-modality imaging of the heart	
08:00 - 08:20	Combining SPECT-MPS and cardiac CT for cardiac imaging
08:20 - 08:40	Interactive case reading
08:40 - 09:00	Combining PET MPS and CT/MRI for cardiac imaging
09:00 - 09:40	Interactive case reading
09:40 - 10:20	Hands-on sessions
10:20 - 10:40	Coffee Break

Day-3

Session IV - Coronary artery disease - integrating multimodality imaging in patients' management	
10:40 - 11:00	Review of the Guidelines on multi-modality CV imaging for the detection and evaluation of CAD
11:00 - 11:20	What, why, when and how cost-effectiveness are imaging technologies in the detection and evaluation of CAD
11:20 - 12:10	Interactive case reading
12:10 - 12:40	Cardiovascular Team discussion of the clinical cases
12:40 - 13:20	Lunch Break
Session V - Cardiovascular infections & inflammation	
13:20 - 13:40	Methodology refresh & case examples
13:40 - 14:00	Infectious endocarditis & cardiovascular implantable electronic device infections
14:00 - 14:20	Sarcoidosis & Amyloidosis
14:20 - 15:00	Hands-on sessions
15:00 - 15:20	Cardiovascular Team discussion of the clinical cases
15:20 - 15:40	Coffee Break
Session VI - Vascular Infections & inflammation	
15:40 - 16:00	Methodology refresh (Protocols and normal findings, pitfalls)
16:00 - 16:20	Vasculitis and atherosclerosis
16:20 - 16:40	Vascular prosthesis infections
16:40 - 17:10	Interactive case reading
17:10 - 17:30	Wrap up
17:30 - 18:00	Day-3 self assessment
18:00	End of Day 3 - **End of the School**
