

Cardiovascular Track 2**ESMIT**

Facilitators: Hein Verberne
 Denis Agostini
 Olivier Gheysens

Saturday, 16 February 2018**Session I - Refresher: anatomy, equipment and RP**

13:30 - 13:50	Anatomy/physiology refresher
13:50 - 14:10	Equipment refresher: SPECT and dedicated systems
14:10 - 14:40	Interactive case examples
14:40 - 15:00	Equipment refresher: PET and dedicated systems
15:00 - 15:20	Radiopharmaceutical refresher : SPECT and PET
15:20 - 15:30	Interactive case reading

15:30 - 15:50	Coffee Break
---------------	--------------

Session II - MPI: SPECT and SPECT-CT

16:10 - 16:30	Protocol refresher and image analysis : SPECT and SPECT-CT
16:30 - 17:00	Interactive case reading
17:00 - 17:20	Protocol refresher and image analysis : PET and PET-CT
17:20 - 17:40	Interactive case reading
17:40 - 18:00	Hands-on sessions

18:00	End of Day 2
-------	--------------

Sunday, 17 February 2018**Session III - Multi-modality imaging of CAD**

08:00 - 08:20	CAD diagnosis SPECT-CT
08:20 - 09:00	Interactive case reading
09:00 - 09:20	CAD diagnosis PET-CT
09:20 - 10:20	Interactive case reading

10:20 - 10:40	Coffee Break
---------------	--------------

Day 2

Day 3

Session IV - CAD - integrating multimodality imaging in patients' management	
10:40 - 11:10	Hands-on sessions
11:10 - 11:20	Viability detection
11:20 - 11:40	LVEF assessment
11:40 - 12:00	Interactive case reading
12:00 - 12:40 Lunch Break	
Session V - Cardiovascular infections & inflammation	
12:40 - 13:00	Methodology refresher & case examples
13:00 - 13:20	Infectious endocarditis & cardiovascular implantable electronic device infections
13:20 - 13:40	Sarcoidosis & Amyloidosis
13:40 - 14:40	Hands-on sessions
	Cardiovascular Team discussion of the clinical cases
Session VI - Vascular Infections & inflammation	
14:40 - 15:00	Methodology refresher & case examples
15:00 - 15:20	Vasculitis and atherosclerosis
15:20 - 15:40	Vascular prosthetic infections
15:40 - 16:00	Interactive case reading
16:00 End of Day 3
