

Level 3 Course on Management of Thyroid Cancer

Facilitators: Deandreis Désirée
Murat Tuncel
Bart de Kaiser

Day 1

Session I - Introduction Part 1

09:30 - 09:45	Introduction of the Speaker and the Participants
09:45 - 10:10	Evaluation Quiz/Assessment of Starting Knowledge*
10:10 - 10:40	Thyroid nodules - diagnostic imaging (Ultrasound, scintigraphy)
10:40 - 11:30	Hands-on session I

11:30 - 11:45 Coffee Break

Session II - Introduction Part 2

11:45 - 12:10	Diagnosis and differential diagnosis of TC
12:10 - 12:45	Hands on Training: session II
12:45 - 13:30	Lunch Break

Session III

13:30 - 13:50	Staging and risk stratification
13:50 - 14:10	Hands on Training: session III
14:10 - 14:40	I-131 therapy (including advanced disease and dosimetry)
14:40 - 15:10	Discussion/Interactive session III cases discussion

15:10 - 15:25 Coffee Break

Session IV

15:25 - 16:05	FDG PET/CT in thyroid cancer
16:05 - 16:25	Hands on Training: session IV
16:25 - 16:45	Other PET Tracers in thyroid cancer
16:45 - 17:25	Interactive session IV - case discussions

17:30 End of Day 1

Day 2

Session V

09:00 - 09:40	Side effects of radioiodine
09:40 - 10:00	Interactive session V - case discussions
10:00 - 10:15	Coffee Break
10:15 - 10:45	Whole-body scanning: technical issues, interpretation, pitfalls.
10:45 - 11:15	Interactive session V - case discussions
11:15 - 11:45	I-131 refractory disease: different criteria, how to diagnose, therapy options
11:45 - 12:15	Hands on Training: session V

Day 1

Day 2

Session VI	
12:15 - 12:45	Management of TC in children
12:45 - 13:15	Interactive session VI- case discussions

13:15 - 14:00	Lunch Break
---------------	-------------

Session VII	
14:00 - 14:40	Nuclear imaging in medullary TC and anaplastic TC
14:40 - 15:00	Hands on Training: session VII
15:00 - 16:00	Interactive sessio all session - bringing own cases
16:00 - 16:30	Evaluation/Test of Gained Knowledge
16:30 - 17:00	Debriefing of the Course/Discussion on Last Open Questions

17:00	End of Day 2
-------	--------------
