

ESMIT Online Course Practical Management of Thyroid Cancer: A Multidisciplinary Team Discussion

Facilitators
 Désirée Deandreis
 Luca Giovanella
 Bart de Keizer
 Livia Lamartina
 Murat Tuncel
 Frederik Verburg
 Alexis Vrachimis

Day 1		
	Introduction	
13:00 - 13:30	Introduction - Why this course	30
	Session I - Clinical Challenges of Thyroid Cancer	
13:30 - 13:50	Nuclear Medicine approach to thyroid nodules	20
13:50 - 14:10	Decision of optimal surgery for thyroid cancer	20
14:10 - 14:30	Multimodality imaging and staging of a patient with thyroid cancer	20
14:30 - 14:45	Coffee Break	15
	Session II - Radioactive Iodine Treatment in Clinical Practice	
14:45 - 15:05	Radioactive iodine ablation	20
15:05 - 15:25	Adjuvant radioactive iodine therapy	20
15:25 - 15:45	Radioactive iodine for metastatic disease	20
	Session III - Guideline Update	
15:45 - 16:15	Presentation of 2022 EANM/SNMMI guidelines	30
16:15 - 16:30	Discussion: Q&A session	15
	Session IV	
16:30 - 17:00	Meet the experts I: multidisciplinary team discussion (bring your own case)	30
17:00	End of Day 1	
Day 2		
	Session V	
13:00 - 13:30	Principles of dosimetry	30
	Session VI	
13:30 - 14:30	How to define refractory thyroid cancer	60
14:30 - 14:45	Coffee Break	15
	Session VII	
14:45 - 15:15	Management of refractory thyroid cancer	30
15:15 - 15:30	Discussion: Q&A session	15
	Session VIII	
15:30 - 16:30	Meet the experts I: multidisciplinary team discussion (bring your own case)	60
	Conclusions	
16:30 - 17:00	Closing session	30
17:00	End of Day 2
