

Early Bone SPECT in Clinical Practice

Facilitator: Nicolas Icard (NI)
Jules Zhang (JZ)
David Morland (DM)

Thursday, April 25, 2024

Session I - Introduction

09:30-9:40 Introduction of the speaker
09:40-10:00 Evaluation quiz
10:00-10:30 Generic introduction of the subject

Coffee Break

Session II

10:45-11:45 Physiology of early phase bone scan
11:45-12:05 Technical considerations
12:05-12:45 Dual-phase SPECT patterns
12:45-13:00 Q&A

Lunch break

Session III - Feet / Knee

14:00-14:40 Useful MSK CT anatomy
14:40-15:10 Clinical cases reading session
15:10-15:25 Wrap-up most common findings
15:25-15:40 Q&A

Coffee Break

Session IV - Hip / Shoulders

15:55-16:35 Useful MSK CT anatomy
16:35-16:55 Clinical cases reading session
16:55-17:10 Wrap-up most common findings
17:10-17:25 Q&A

Friday, April 26, 2023

Session V - Other locations

09:00-09:30 Useful MSK CT Anatomy
09:30-10:00 Clinical cases reading session
10:00-10:15 Wrap-up most common findings

Day 1

Day 2

10:15-10:30 Q&A

Coffee Break

Session VI - Targeted treatments

10:45-11:45 Radiosynoviorthesis

11:45-12:15 Corticoid infiltration

12:15-12:45 future developments

12:45-13:00 Q&A
